WHEN TO USE IT

The Pediatric Nursing Report is a form that is completed by the CP&P Local Office Child Health Unit Nurse to document all encounters with children and their resource home providers, and to update CP&P on the medical/mental health progress of the children in out-of-home placement. The form is to be used at the initial visit or contact, and can be used at follow-up visits and telephone contacts with the resource care provider as well.

HOW TO USE IT

The form is available for use in:

- NJ SPIRIT, desktop>Create>Casework>Medical/Mental Health
- The on-line template in the computerized Forms Manual

The CP&P Local Office Child Health Unit Nurse completes the form in NJ SPIRIT. Only complete this form outside of NJ SPIRIT as part of a contingency plan when the application is unavailable. However, in doing so, you are still required to create the form in NJS when the application becomes available.

File the signed CP&P Form [11-70](#) in the CHU health care case management record for the child. File a copy of the signed CP&P Form [11-70](#) in the medical section of the CP&P case record.
